

Wouldn't you like cut your BTU's by 50% or more?

And wouldn't it be nice if you could check out how through third party sources?

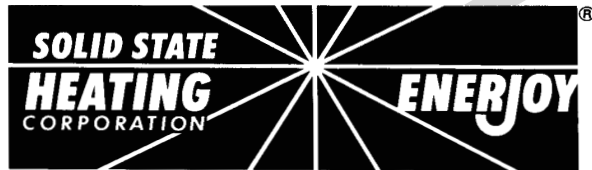

And wouldn't it be even nicer if you could do it your way . . . in the privacy of your own office, at your convenience and without talking to a salesperson?

Well, now you can! Just check out these web sites:

<http://www.caddet-ee.org/infostore/details.php?id=2523>

<http://www.oit.doe.gov/inventions/factsheets/sshc.pdf>

And, if you like what you see, phone 1-800-544-5182 for more information.
